

School	Sutton Park Primary School	Date of Assessment	3 rd September 2021
The number of children on the premises	371	Shared Setting	6 th September 2021 SLT 7 th September 2021
Assessor	Liz Lee – Head teacher	Review Date	
Task/Activity	COVID 19 Educational Setting	Persons at Risk	All School Staff. Pupils, parents and visitors

DfE Guidance for Operating Schools (August 2021)

4 key control measures:

- 1) Ensuring good hygiene for all
- 2) Maintaining cleaning regimes
- 3) Keep occupied spaces well ventilated
- 4) Following public health advice on testing, self-isolation and managing confirmed cases

Hazard Identified P=Probability I=Impact Area of Risk	Before Control Measure			Academy Trust Control Measures	School Specific Measures	After Control Measure		
	P	I	Risk Rating P x I			P	I	Risk Rating P x I
1. Infection risk of contracting Covid 19 by coming into contact with a positive case	4	5	20	<p><u>System of controls - Point 3 and 4</u></p> <p>Lateral flow testing in place for all staff and regular volunteers</p> <p>Circulation of Public Health documentation and procedures to community</p>	<p>Twice weekly timetable of LFD Tests for staff to continue until end of September in first instance – Sunday and Weds by 9pm (call EL if positive)-system in place for recording and reporting and timetable for distribution of tests. Staff have all completed briefing session on return 6th Sept EL Lead and SE Covid Admin Lead</p> <p>Regular newsletter which gives guidance to parents on latest advice re isolation - LA Update /public health document for parents</p> <p>Tracking of pupil attendance – see flow chart (SB Lead) Out of hours contact distributed to all staff and parents to report any Covid related issues or cases appropriate advice to given. NHS responsible for track and trace</p> <p>Suspected case in school – see Covid 19 guidance (August 21) Isolation room to remain (positioned in parents centre) NO Longer need to isolate siblings 1 person to remain and accompany child (staff member debriefed and action determined)</p> <p>Staff member. Child or volunteer tests positive – isolate 10 days . Close contacts do not need to isolate but advised to seek PCR test If staff member tests positive on LFD – advice to isolate and seek PCR test. If PCR negative within 2 days of LFD this overrides and can return to work.</p>	2	4	8

displaying symptoms				<p>building for isolation of individual displaying symptoms.</p> <p>All trust schools to follow flow charts in response to suspected cases. Supervision, until pupil/adult, leaves the building to be done at distance where possible and with appropriate PPE.</p> <p>Individuals to report any family members who are displaying signs of Covid 19.</p>	<p>Ensure all staff are clear with procedures and flow charts EL informed immediately if any suspected symptomatic people Circulate procedures to parents. Risk assessment available to parents</p> <p>Staff vigilance and awareness of circumstance and symptoms- staff responsibility to inform EL/AH to take action</p> <p>Staff vigilance as children arrive in the morning-and throughout the day any child with symptoms must be accompanied by a staff member immediately to isolation room with same member of staff (Digital Thermometers available)</p>			

Hazard Identified P=Probability I=Impact Area of Risk	Before Control Measure			Academy Trust Control Measures	School Specific Measures	After Control Measure		
	P	I	Risk Rating P x I			P	I	Risk Rating P x I
			15	<p>Pupils and staff members to not enter the building if they display signs of Covid 19.</p> <p>Deep clean of areas used by individuals who display symptoms.</p> <p>Individuals bubble to not return to work if symptoms of individuals are confirmed as Covid 19.</p>			5	
Risk of contracting Covid 19 from a pupil /adult who requires medical attention and	3	5	15	Staff to use appropriate PPE when attending to individuals who require care.	<p>Visors for high risk activity if staff request (nappy changing, child vomiting etc made available</p> <p>Aprons, gloves for PPE and disposed of appropriately after use. Double Bin bagged and disposed as per DFE Guidance</p> <p>SE to ensure all PPE is in stock and replenish</p>	1	5	5

or personal care.								
Risk of delayed evacuation of the building due to Covid 19 changes within school.	2	5	10	Within the first week of pupils returning schools, practice fire drills to take place.	Fire evacuation procedures revert to pre covid plan – no one way system in event of emergency exit via nearest exit Critical incident plan updated and accessible with cascade of staff -EL	1	5	5
Risk of staff, children and any visitors not adhering to procedures	3	5	15	Ensure all staff have seen and understood COVID risk assessment Place adequate signage is displayed around school for staff, parents and children to adhere to.	Newsletter to parents for each class with procedures Posters displayed around the site Messages via T2P, Facebook, twitter and website	2	5	10

Hazard Identified P=Probability I=Impact Area of Risk	Before Control Measure			Academy Trust Control Measures	School Specific Measures	After Control Measure		
	P	I	Risk Rating P x I			P	I	Risk Rating P x I
Risk of vulnerable staff pupils or those living with vulnerable people contracting COVID	3	5	15	Individual RA in place for vulnerable staff including pregnant staff		1	5	10

Identification of risks

The Risk Management Standard states that risk identification should be approached in a methodical way to ensure that all significant activities have been identified and all the risks flowing from these activities have been defined.

Evaluation of risks

The Risk Management Standard states that risks should be evaluated against agreed criteria to make decisions about the significance of risks. The Trust uses a 5 x 5 Matrix to assess impact and probability as high to low, as illustrated in the diagram below: With 5 x 5 having High Impact and High Probability (see appendix section 2 and 3)

Score	Probability	Impact
1	Remote	Insignificant
2	Unlikely	Minor
3	Possible	Moderate
4	Likely	Serious

5	Certainty	Catastrophic
----------	------------------	---------------------

For example - A hazard such as an insecure school entrance would be judged as Likely (4) this would result in undesirable visitors entering the site with potentially Catastrophic consequence (5) thus resulting in a score before measures have been introduced of $4 \times 5 = 20$. Following measures being implemented this is reduced to Remote (1) probability. The impact however still remains Catastrophic (5) and so the overall score reduces to $1 \times 5 = 5$.

Risk appetite

The term risk appetite describes the Trust's readiness to accept risks and those risks it would seek to reduce. The Trust's risk threshold is the boundary delineated by the red shaded area (represented by scores of 5 and above with scores 15 and above requiring immediate attention) in the risk matrix in paragraph 3.3. Above this threshold, the Trust will actively seek to manage risks and will prioritise time and resources to reducing, avoiding or mitigating these risks.

Addressing risks

When responding to risks, the Trust will seek to ensure that it is managed and does not develop into an issue where the potential threat materialises.

The Trust will adopt one of the 3 risk responses outlined below:

- Assume Treated (or Mitigate) Counter measures are put in place that will either stop a problem or threat occurring or prevent it from having an impact on the business Or the response actions either reduce the likelihood of a risk developing, or limit the impact on the Trust to acceptable levels.
- Treat (Transfer) The risk is transferred to a third party, for example through an insurance policy.
- Tolerate We accept the possibility that the event might occur, for example because the cost of the counter measures will outweigh the possible downside, or we believe there is only a remote probability of the event occurring.

Catastrophic	5	10	15	20	25
Serious	4	8	12	16	20
Moderate	3	6	9	12	15
Minor	2	4	6	8	10
Insignificant	1	2	3	4	5
